After that sign-up with Neteller if you have choosed the poker neteller option (i.e. if you selected neteller as the payment system in the poker card room). Specify an email while registering for Neteller and this becomes your neteller ID which you can use to send and recieve money to/from others. Also in netellerpoker you make all your deposits and withdrawals using this neteller ID. Neteller which is a LONDON stock exchange listed firm is the most secure and safest online payment processor which is on top beating it's rivals like paypal, e-gold which are now a days not that used for online poker. Also it's available for players residing in different countries, with support for currencies of different nations including popular International denominations like USD,Euros, GBP etc.
